- Debt

Workflow Productivity Workshop

This workshop introduces the theory and concepts that underpin the next generation of workflow management solutions. This represents where we are driving the future of workflow management in the industry.

NOTE: THIS IS NOT A SOFTWARE WORKSHOP. This workshop explains why and how the workflow solution works, and what you must change in your business to get a massive jump in service levels and competitive advantage.

Who should attend: Senior management who want to, and are in a position to, assess and approve a significant jump in organizational productivity?

Course Objectives

- **The problem:** Participants understand the real causes of difficulties experienced in managing workflow productivity
- **The solution:** Participants understand how the proposed solution leads to productivity gain in a simulated environment
- **Implementation:** Participants understand how the solution can be customized to their environment

Course Structure

- Exploring the root cause of the problem
- Simulating management behavior and the impact on workflow
- Cause and Effect Relationships on the workflow policies
- Fundamentals of a system change
- Effects of a Solution

Course Length

- Two 2 Days, 9:30-17:30

Boost your workflow productivity with new and different ways!

- 支出
- 前置期
- 延迟工作
- 浪费
- 冲突
- 债务

工作流程生产力工作坊

本工作坊介绍了支撑新一代工作流程管理解决方案的理论和概念。这表现了在行业中我们推动工作流程管理未来的方式。

注：这不是软件工作坊。本工作坊解释了为什么流程方案起作用，流程方案是如何运行的，以及您必须要改变什么来让您的业务在服务水平和竞争优势上有一个巨大的飞跃。

谁应该参加：高级管理层或任何想参加且身在其位的人士在组织生产力方面评估或审批一个显著的飞跃。

课程目标

- 问题：与会者理解在管理工作流程中所经困难的真正原因
- 解决方案：与会者知道所建议的解决方案是如何在一个模拟环境中引导生产力提高的。
- 实施：与会者理解如何根据他们的环境定制解决方案。

课程结构

- 探索问题的根本原因
- 在工作流程上模拟管理行为和影响
- 在工作流程政策上因和果的关系
- 系统改变的基本原理
- 解决方案的影响

课程时间

- 两天，9:30-17:30

用新且不同的方法来加强您的工作流程生产力！
